

VBSLSC Mission Statement

To deliver holistic and comprehensive volunteer surf lifesaving services the community'

VBSLSC Vision Statement

At Venus Bay SLSC we strive to be a community inclusive organization that ensures a fun and safe environment for our visitors. We work to educate and raise awareness amongst beach goers around the dangers of our beach, thereby preventing aquatic related death and injury. For our members we are committed to offering state of the art in house training and education, skills attainment and competition. Through our affiliations with LSV and SLSA we are able provide pathways to educational, employment and leadership opportunities.
